

PROHIBITED ITEMS

By law, a household good mover cannot transport dangerous goods. Many everyday items such as those identified below, are dangerous articles that could cause serious damage to your possessions. It is your responsibility to identify and if necessary, dispose of, these items before packing and/or loading, or you can be found liable for any damages that may occur. The packing company has the authority to refuse to ship any articles or items that are considered dangerous or prohibited. Please contact your relocation company if you have any questions.

Crew members are not permitted to open electrical items, such as cameras, speakers, and laptops, to search for or remove batteries. If such items are given to them for packing, it will be assumed that there are no batteries contained within. If any batteries are later discovered during security inspection, any associated costs, including consequential costs, will be the responsibility of the owner.
